Allenspach et al. (1987) studied the properties of a certain material in Phys. Rev. B. Similarly, Bruhwiler et al. (2002) explored the topic in Reviews of Modern Physics. Yue et al. (1996) also investigated this subject in Phys. Rev. B. Additionally, Ramaker et al. (1995) examined it in J. Electron Spectrosc. Relat. Phenom.
